

RIGID LAMINATES

A 3-ply laminate, available in 1½mm and 3mm thickness. Standard colours have a glossy finish, while the silver/black/gold is matt finished. Also known as Formica, Traffolyte and Phenolic. Used for control panels, labels and exterior signs.

MATERIAL (SHEET SIZE 19¾"X48" 50.5cm x 122cm)	1 SHEET	2-4	5-9
STANDARD COLOURS (1½mm)	£22.00	£20.00	£18.00
GOLD/BLACK/SILVER (1½mm)	£48.00	£45.00	£40.00
STANDARD COLOURS (3mm)	£30.00	£26.00	£24.00
GOLD/BLACK/SILVER (3mm)	£60.00	£55.00	£50.00

REVERSIBLE LAMINATES

A 2-ply 1½mm flexible laminate with a durable clear front and coloured rear. Engraving is reversed on rear, so appears correct facing from the front. Ideal for tamper proof signage.

MATERIAL (SHEET SIZE 24"X48" 61cm x 122cm)	1 SHEET	2-5	5-9	10-19	20+
REVERSIBLE LAMINATES (1½mm)	£45.00	£44.00	£43.00	£42.00	£40.00

ENGRAVING METALS

Mastergrave also stock engraving metals. With the fluctuating World prices engravers brass is quoted as "price on application". The engravers brass (CZ120) is shipped with a black protective coating. It has been specifically designed for deep engraving and has a polished surface.

MATERIAL (SHEET SIZE 23.6"X48" 60cm x 122cm)	1 SHEET	2-5
STAINLESS STEEL (1mm) 61cm x 1m	P.O.A.	P.O.A.

A lacquered ½mm thick brass designed for diamond engraving and burnishing. Mastergrave's blacking fluid can be used for blackening the engraving. Available in several eye catching colours, bright gold, brushed gold, black, blue, electric blue and chromed silver.

Ideal coating for laser engraving

Sheet size	12"x 12"	12"x 24" 30.5cm x 61cm		
Quantity	1	1-4	5-10	11+
Bright Gold Brushed Gold Black Blue Electric Blue	£7.50	£14.00	£13.50	£13.00
Chromed Silver	£13.00	£25.50	£25.00	£24.00

Why not try our specialist diamonds, designed for work on jewellers brass. Burnishing diamonds can drastically reduce engraving time. Burnishers are diamonds with polished cutting facets. They come in different tip widths and are generally used with the spindle motor on. They engrave much wider than drag diamonds and produce a superior bright finish. For our complete range, see pages 18 & 19.

ALUSUB Sublimatable coated aluminium. See page 31.
Available in 5 finishes. Sheet size 12" x 24" 30.5cm x 61cm.
