

DOMING SOLUTION

Crystal Sheen is a two-pack clear polymer doming solution. Can be applied to engraved or printed items. Simply mix the two solutions and flow-coat the badge, disc or label. The surface tension of the solution naturally stops at the edge of the item, leaving a clear, smooth and even domed coating. Ideal for trophy centres, badges, computer labels and car stickers.

CRYSTAL/SHEEN £14.00
(175ml each of A and B)
